HELLO  
AGAIN

A PERSONAL NOTE: In this issue are highlights of the convention including statements by Jackson Beck and Charles Michelson concerning trading and selling...Also Mel Shlank has stopped selling blank tape and Carol Witte has started...Several people have suggested I charge for ads in which people sell things. Up to now I have printed anything anyone wants--mostly program wants. If anyone is selling a product and wants me to mention it, at least send a sample of the product. This has been done in most instances and has been appreciated...Hope you all had a quiet Halloween and voted for someone. Unfortunately neither McGovern nor Nixon took a stand on our hobby...

THE CONVENTION: The second convention of SAVE (Society of American Vintage-Radio Enthusiasts) was successfully held on the 28th and 29th in New Britain, Ct. About 150 people attended. Special guests present were Raymond Edward Johnson, William Spier, Charles Michelson, Mr. and Mrs. Jackson Beck, Peg Lynch and her daughter, Astrid Ronning, Evelyn (Evie) Juster, Mary Jane Higby, Mr. and Mrs. Roger Bower, Richard Dana and Ken Groot, executive secretary of AFTRA, New York Chapter...Charles Michelson gave a lengthy talk on his role in the field and how he got started. The discussion became a little heated as the topic turned to copyrights, legalities, and whether people can trade, sell to individuals or sell to radio stations...Jackson Beck commented afterward from the actor's (AFTRA) point of view. The entire afternoon talk and evening proceedings are on tape and will be distributed by Roy Bright. Details on price, etc. will be mentioned later when I have the information...The positions of Charles Michelson and Jackson Beck concerning traders and sellers will follow later...The evening dinners, hosted by Dick Bertel and Ed Carcoran, featured comments and talks by all the guests. Special awards were presented to William Spier and Raymond Edward Johnson by Sal Trapani, general chairman of the convention...Among our trader friends in attendance were Roy and Eleanor Bright and Pat Murray who traveled from Illinois and Michigan respectively. Don Brush entertained on the organ during dinner playing from his list of over 150 radio theme songs...Various people taped private interviews and conversations. If they are available for distribution, let me know...If anyone found a Zippo cigarette lighter marked ITT it belongs to Ray Stanich, 173 Columbia Heights, Brooklyn, NY 11201

TITLES AND DATES: The correct title of INNER SANCTUM Elixir of Perpetual Life with R Widmark is "The Man Who Couldn't Die" 2/12/46...Harold Cox, 552 Plumas Ave, Oroville, Cal 95965 has two AFPS shows from Mystery Playhouse entitled "The Letter" 12/28/44 and "Man in the Velvet Hat" 12/19/44. He is looking for the correct series title.

DEATHS: Leo G Carroll, 80. Among other things Carroll played Topper on television in the 50's...Ed Adamson, 58, on Oct. 2. Adamson wrote such shows as SAM SPADE, FAT MAN, FBI IN PEACE AND WAR. He did much work for television including BANYON which he created and produced...Cliff Hall, 78, Oct 5. Cliff Hall was best known as Charlie on the JACK PEARL SHOW...Harry Richmond, 77, Nov 3. Among other things Harry Richmond was on with the Dodge Orchestra in the 30's.

PUBLICATIONS AND ACTIVITIES: Roger Hill, 1231 Grove #11, San Francisco, Cal 94117 has a number of scripts from the author of THOSE WE LOVE. Most of the scripts have author notations. Roger is selling them for \$3.00 for 5 scripts. Specify if you want consecutive scripts or not. Much of the money will go to the author, Agnes Ridgway...Bob Joseph

\$3.50 IS DUE FOR ANOTHER YEAR IF THE BOX IS CHECKED

says all refunds should be sent out by end of the year...For \$1.00 you can buy a checklist of series and individual titles published in the United States which refer to wireless, radio, telegraph, telephone, television, photography, moving pictures. The title of the publication is DIME NOVELS DEVOTED TO RADIO AND MOTION PICTURE SUBJECTS: 1890-1950. Write Christopher Sterling, Radio-TV, Temple University, Philadelphia, Pa 19122. This revision was done in October of this year...Roger Hill and two others are in the process of forming a nonprofit corporation called North American Radio Archives Ltd. They will try to be the first legal organization for seeking out and preserving radio memorabilia. Details will be mentioned next month...

LOGS AND LISTINGS: I just typed a complete relisting of my JACK BENNY which will be sent to people I trade with in the course of my normal correspondence with them. If anyone else wants a copy of it right now just send a SASE. I think it is one of the largest listings of Benny's among active traders. It has 125 dated shows, 26 of the edited 1957-58 group and 15 miscellaneous AFRS items such as COMMAND PERFORMANCE and HERE'S TO VETERANS. It lists the shows chronologically...I mentioned last month that Dave Howe, Box 21, Birch Harbor, Me 04613 has a listing of the LONE RANGER (about 125). Note it is not a complete log but a listing of his shows. It lists the shows alphabetically by opening lines with additional titles also where known. This could be used as a guide. He is looking for more titles. Just send a SASE with 2 stamps...New log from Ray Stanich: RADIO CITY PLAYHOUSE: complete 7/3/48-1/1/50. Send a SASE...The first INNER SANCTUM LOG, although incomplete, has been prepared by Dick Dodge, 24 West Jamestown, Stockton, Cal 95207. It reflects all available information in the New York Times and goes from the first show, 1/7/41 to the final one 10/5/52. Although it is incomplete it helped me fill in a lot of dates. To cover xeroxing and postage send \$1.00 to Dick for the log...The one thing it doesn't mention is the sponsor and network although it lists all changes in day and time. Using a little detective work here are the networks and sponsors--some changes in my network list: 1/7/41-3/11/41, NBC, Carter, Tues//3/16/41-fall 41, NBC, Carter, Sun//Fall 41-8/29/43, Sus, ABC, Sun//9/4/43-11/18/44, Colgate, CBS, Sat//11/22/44-12/27/44, Colgate, CBS, Wed//1/2/45-6/18/46, CBS, Lipton, Tues//7/29/46-4/17/50, CBS, Bromo, Mon//9/4/50-6/18/51, ABC, Mars, Mon//6/22/52-10/5/52, Sus, Sun.

YOU AND THE LAW: Jackson Beck and Charles Michelson gave their views on trading and selling at the convention. The following is from a letter sent to me from Mr. Beck who is an active member of AFTRA:... "We actors are pleased, flattered and honored that you fans of old-time radio think

enough of us and our work to collect it and keep it and us in your hearts. We have no objection to your trading and selling to EACH OTHER. ...It becomes a different matter entirely when you cease being a fan and go into the business of retailing the old shows and then selling it as program material to a broadcaster, so that he, in turn, can make it available for commercial sponsorship. When that happens, when our work is then resold for entertainment purposes and someone begins to syndicate it and make a living out of our efforts, it leaves the area of the collector-fan and becomes a business proposition and we think we should have a piece of the action. We just don't enjoy being exploited!...The following is a summary of Charles Michelson's remarks about trading and selling...Mr. Michelson has no objection to people trading shows to each other. He also has no objection to individuals selling to each other, even the material such as the SHADOW which he has the rights for. His one objection is against those who sell his copyrighted material to radio stations for commercial broadcast...

PERSONALITIES: I recently was loaned many old pieces of sheet music of the popular songs of the 20's. The condition varies. Many, of course, have pictures of performers such as Al Jolson and Eddie Cantor on the covers. Is there a market for original popular sheet music of the 20's and 30's. If anyone is interested in specific items let me know and I will see if I have it. I have not catalogued the sheets but there are over 100 of them. One is Recollections by Erno Rapee. The cover shows him conducting the Mobiloil Concert Orch which was on WEAJ on Wednesday evenings. Does anyone have any background on this program? Copyright date of sheet is 1929.

TAPE DECK AND BLANK TAPE: Mel Shlank has officially stopped selling tape. He was unable to devote the time to it and received no help. I am happy to announce that Carol Witte, 194 Wyndcliff Rd, Scarsdale, NY 10583, will be selling Capitol Tape at reasonable prices. Capitol is the only brand she is selling and you must buy in groups or multiples of 12. Prices include all postage and handling costs. 12 1200 ft reels are \$15.00...12 1800 ft reels are \$20.00...On all defective tapes, Carol will give you a refund or credit on the next order. All orders will go out no later than the day after she receives it. She has on stock 500 1800-ft reels and 100 1200 ft...If Mel has an old order of yours that isn't filled, write Carol. She will try to get the check from Mel and fill the order...John Olsen Jr, 2229 SE Pine St, Hillsboro, Oregon 97123 has further information on Oregon Magnetic tape. Although the price is \$1.65 for 1800-ft tape, when bought in lots of 50 it can be bought for \$1.40...Don Koehnemann reminds us to be careful about 1/4-track recording for those with 1/2-track recorders. Don't record on the outside tracks ~~only~~ if there is material on the inside tracks. Also send new tape. Bulk erasing leaves noise on the unused portion heard on a 1/2-track machine. When recording on the outside track, leave the inside track off to eliminate possible faint cross-talk...Alan Betz remarks about an article I printed several months ago on X-rays from a TV set. Alan is a TV technician...1. A properly adjusted color set does not produce a measurable flux of X-rays...2. Only a very, very large dose (very much greater than a lethal dose to a human) would probably make the plastic base brittle...3. Color TV sets have a fairly husky power transformer, which may produce moderate AC magnetic fields on a part of the cabinet. These fields are not strong enough to erase the tape but may cause print-through.

MAILING: Richard Arnold, 103 South Oak St, California, Mo 65018 is selling parcel post labels for tape packages, catalogs, etc. They are \$1.00 per hundred.

LET THE BUYER BEWARE: Tom Cole, Mostalgia in Miami, Jim Harmon (very slow), Richard Casciello, Wil Dufour, Dwight Lindley (erratic and slow), Owens Pomeroy...To clarify my position, I have received complaints about these people, have written to them at least once, have received no response. Let me know of any problems only if you have written and/or called the person and have received no response.

SUSPENSE LOG: I am still waiting for a few dates before I reprint my log. I have mentioned them before with no results but I'll try again. If you know, definitely, of the shows on these dates and/or cast let me know. On some items there is conflicting information...6/54-10/54 especially 6/22/54 and 7/6/54...8/2-8/30/55...8/58-12/58...9/6-9/27/59. ...Also I have no date for Misfire with (w) W Conrad...Shipment of Mute Fate w J Kelly...Waxworks w W Conrad...The Murderess w C Lewis...The Earth Abides...Rim of Terror w B Whiting//On a Country Road w H Bartel

LONE RANGER NOT A RACIST: The American Indian Movement lobbied successfully against KQRS from playing the Lone Ranger. They said the show had racist qualities. The show was taken off the air. The following letter was sent in to the Minneapolis Tribune soon afterwards by Kevin Hancer, an authority on the program (contributed by Ron Sharon)...

The American Indian is far too sensitive about this. As a matter of fact it attacked a character who was a great exponent of racial equality. Indians were shabbily treated more often than not, especially in children's literature. The notable exception was the Lone Ranger. I have read over a dozen Lone Ranger novels, over 1100 Lone Ranger comic books and all the Lone Ranger pulp magazines. I have seen most of the Lone Ranger movies and listened to over 50 shows. In all of these one fact bears out: The Lone Ranger was no racist...I quote from Lone Ranger Comics #125 Dec., 1959, in which the Lone Ranger talks to a man who bullied Tonto. "I was just doing it for laughs. What does an Indian mean to you." "Tonto means a great deal to me. I respect all people for all races and creeds helped make our West grow"...Tonto spoke Spanish and numerous Indian tongues before being exposed to English. Like many people with that kind of background, he had trouble with our language. One must also realize that in the American West, Spanish and Indian languages were used nearly as much as English. Beyond that, The Amer. Ind. Movement should realize that the Lone Ranger spans a period of only 10 years, not 20... The character of Tonto, according to the creator of the series, George Trendle, was created despite the fact that all other Western radio heroes had white sidekicks, because I wanted to show that great men-truly great men-have no racial prejudices...AIM, through ignorance and oversensitivity, has caused this harmless old show to go off the air, merely succeeding in ending the fun for those who enjoyed this nostalgic old radio program.

LATE NEWS AND TIDBITS: More on the convention:...Roy Bright, 2929 St. Philomena Ct, Peoria, Ill 61604 is distributing the SAVE convention tape. It contains a long talk by Charles Michelson and short ones by

Jackson Beck, William Spier, Raymond Edward Johnson, Peg Lynch, Evie Juster, Roger Bower, Mary Jane Higby and others. The tape is recorded 2 track on a 1200 foot reel and may be purchased for \$2.50 to cover the cost of the tape and postage along with an additional dollar that Mr. Sal Trapani has asked that you send along as a donation to SAVE to help offset some of the added expense of the convention. (From Roy's letter I am not really sure whether the \$2.50 includes the extra dollar or whether the total price is \$3.50)...There was quite a bit of press coverage. Besides a lengthy article in the Hartford Times, there were shorter articles in the New York Times, Washington Post and Detroit News...
